**Jeanie B! And The Jelly Beans** follow a parade of Chicago pop music acts doing music for the tot set with *Mommy Knows Best*. Songs like “Mommy’s In Menopause,” “I Can’t Stop Drooling,” and “Bath Time” will be amusing even to adults without children! Jeanie B! et al serve up their kiddie sing-alongs through a mix of country, folk, blues rock, and a pinch of punk. This is a great way to teach children lessons in life and also to introduce your kids to pop and rock music without exposing them to adult lyrical themes.
